

Ashraf Osama Elshahat

Frontend Developer | React.js

☎ 01093265243 • ashmax0109@gmail.com • Mansoura, Dakahlia, Egypt • [GitHub](#)

PROFESSIONAL SUMMARY

Motivated Frontend Developer and third-year Information Systems student with hands-on experience building responsive web applications using React.js, JavaScript, and Tailwind CSS. Proficient in consuming REST APIs, version control with Git/GitHub, and integrating UI libraries. Eager to apply technical skills in a professional internship environment.

EDUCATION

Delta Higher Institute for Management & Information Systems

Department of Business Information Systems | 3rd Year Student | Dakahlia, Egypt | Expected Graduation: 2027

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript (fundamentals)
- **Frameworks:** React.js, Redux Toolkit, Tailwind CSS, Framer Motion, Syncfusion, Axios
- **Tools:** Git, GitHub, Vite, Postman, VS Code, Spec Kit
- **Currently Learning:** GSAP, Figma, MCP, AI-assisted workflows

PROJECTS

E-Commerce Website | React • JavaScript • Axios • REST API • Postman

- Built a fully functional e-commerce app with 20+ products, featuring product listing, filtering, and cart functionality
- Developed an AI-powered Accessories page that provides smart product suggestions using AI-assisted logic
- Integrated 5+ REST API endpoints using Axios and tested with Postman
- Published source code on GitHub with clean, organized commit history [Live](#) [GitHub](#)

Admin Dashboard | React • Tailwind CSS • Syncfusion

- Developed a data-rich admin panel with 6+ chart types, data grids, and a kanban board
- Used Syncfusion component library for complex data visualization
- Implemented fully responsive layouts using Tailwind CSS utility classes [Live](#) [GitHub](#)

Awwwards-Winning Website | React • TypeScript • GSAP • Tailwind CSS v4 *(In Progress)*

- Migrating codebase from JSX to TypeScript for improved type safety and scalability
- Built custom LazyVideo & LazyImage components with AI assistance — IntersectionObserver for viewport-triggered loading, skeleton shimmer placeholders, and auto play/pause
- Implemented advanced GSAP animations: scroll-triggered clip-path on Hero, 3D AnimatedTitle word entrance with stagger, and BentoTilt card with mouse-tracking tilt and radial glow
- Applied React Suspense and lazy() for code-splitting to reduce initial bundle size
- [Live](#) [GitHub](#)

Brainwave | React • Tailwind CSS v4 • GSAP • React Router • Spec Kit

- Built a fully responsive AI chat-app landing page with 10+ sections, including Hero, Benefits, Pricing, Roadmap, Testimonials, and FAQ
- Implemented GSAP scroll-triggered animations and micro-interactions across all sections for a smooth, premium feel
- Built a custom animated navigation header with scroll-based active-link tracking and an animated mobile menu
- Followed a structured spec-driven development workflow (Spec Kit: specify → plan → tasks → implement) to plan and build the project [Live](#) [GitHub](#)

Advanced To-Do List | React • Spec Kit • AI-assisted Workflow

- Applied a structured spec-driven development workflow: constitution → specify → clarify → plan → tasks → implement
- Utilized AI tooling (Spec Kit) as a development assistant throughout the project lifecycle [Live](#) [GitHub](#)

Prayer Times App | React • Framer Motion • Adhan.js • Moment.js

- Built a real-time prayer times application calculating 6 daily prayers using the Adhan.js library
- Designed and implemented all UI animations with AI assistance, achieving smooth and professional motion design
- Added smooth page transitions and animated UI elements with Framer Motion
- Handled time formatting and localization using Moment.js [Live](#) [GitHub](#)

CERTIFICATIONS

- React.js Fundamentals — Al-Madrassa Platform | 2025
- Introduction to Artificial Intelligence — Al-Madrassa Platform | 2025
- Effective Learning Skills — Al-Madrassa Platform | 2025
- Code Smarter With AI (In Progress) — Osama El-Gendy Platform | Covers: Spec Kit, MCP, Figma-to-code | 2026

LANGUAGES

- Arabic: Native | English: Intermediate (Technical Reading & Writing)
